HIGH TRANSOM MODEL

NO. 17

DATE: 01/01/03

RE: ALL GO-DEVIL MODELS

Go-Devil is now offering a high transom model Go-Devil for boats with transom heights of 20 inches. The high transom model is built on a standard length frame allowing the high transom model Go-Devil to steer with the ease of a standard Go-Devil. The high transom model will sell for the same price as the standard model. The high transom model will be available in 16, 20, 22, 23, 27, and 35 horsepower models.
