RE: INSTRUCTIONS FOR LUBRICATION OF ALL GO-DEVILS

Please note that we have changed the instructions in the Instructions, Operation and Service Manual in regards to the lubrication of all Go-Devils. Read over page five (5) in the Revised May 1998 manual for detailed instructions for both Go-Devils without the lubricator and with the lubricator.

It is very important you and all your employees understand this information and show all customers this page. Everyone needs to be aware of the two different methods of lubricating a Go-Devil: one method, ITEM NUMBER 2 is for units without the lubricator and ITEM NUMBER 3 is for units with the lubricator installed. As it notes on the page, **IT IS THE CUSTOMERS RESPONSIBILITY TO CHECK AND INSURE THAT THE LUBRICATOR IS WORKING PROPERLY.**

If you have any questions about the proper lubrication of a specific unit, please call and we will be glad to assist you.
