DATE: April 14, 1997 UP DATED 4/14/16

RE: AVAILABILITY OF CRAWFISH MODEL GO-DEVILS

The Crawfish Model Go-Devil, or short shaft, is **not** available in all horsepower and engine manufacturers. The **ONLY** models available in the shorter Crawfish Model are the 16HP AND 23 HP Briggs & Stratton Vanguard, 9HP Honda, 20HP Honda, and 22HP Honda. The 9HP Honda with the clutch is **ONLY** available in the crawfish model and only with the painted frame.

The price for the Crawfish Model is the same pricing except for the 23hp and 22 hp it is \$150.00 more because it has a 7/8" drive shaft with a double u-joint.
