MEMO

NEW SPLIT YOKE

NO. 12

DATE: 07/24/2000

RE: REMOVAL AND INSTALLATION OF DRIVE SHAFT

All Go-Devils built after August of 2000 will have a new split yoke on lower drive shaft for easier removal and assembly. The new yoke clamps onto the shaft to insure a secure press fit.

NOTE: This yoke will also be used on the crankshaft of the 5.5 and 6 horsepower engines.
